Commissioner for Patents

P.O. Box 2327
Arlington, VA 22202

Dear Sir:

This communication is in response to the Notice to Comply with Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures dated July 18, 2002. The Notice to Comply indicated that the computer readable form (CRF) copy of the sequence listing submitted by certificate of mail on May 28, 2002 was damaged.

Submitted herewith is a new CRF copy of the sequence listing included in the application as filed. It is believed that the CRF copy of the sequence listing is now fully in compliance with the requirements of the Patent Office.

A paper copy of the sequence listing is also submitted herewith. The undersigned states that the information recorded in the CRF is identical to the paper copy of the sequence

listing submitted herewith. Additionally, the undersigned states that the submissions include no new matter. A copy of the Notice to Comply dated July 18, 2002 is also enclosed. It is believed that this represents a complete response to the Notice to Comply and satisfies the requirements of 37 C.F.R. §1.821.

Please charge any fee required in connection with this Response to Deposit Account No. 04-1133.

Respectfully submitted,
